### Our Commitment

We are committed to empowering women through education, skills, awareness and opportunity. Our initiatives help women become confident, independent and capable of building better lives for themselves and their families.

# FOUNDER'S MESSAGE

### A NOTE FROM THE FOUNDER

It is with deep gratitude and a deep sense of responsibility that I present the Annual Report of Sunil Foundation for 2024–25. This year, our journey is dedicated to women—celebrating their strength, nurturing their potential and creating opportunities that lead to dignity, independence and lasting change.

### OUR FOCUS ON WOMEN EMPOWERMENT

Women form the heart of every strong society. This year, we focused on enabling women through skill development, digital literacy, health awareness, financial literacy and livelihood opportunities. Our goal is to help women build confidence, become self-reliant and lead a life of dignity and choice.

### CREATING OPPORTUNITY THROUGH ACTION

Our programmes across education, healthcare, skill development, entrepreneurship and legal awareness are designed to remove barriers and open doors of opportunity for women. When women rise, families grow stronger and communities prosper.

### GRATITUDE TO OUR SUPPORTERS

None of this would be possible without our dedicated volunteers, partners, donors and well-wishers. Your trust and support empower us to reach more women, touch more lives and create meaningful change together.

### LOOKING AHEAD

We will continue to expand women-centered initiatives, build stronger partnerships and create sustainable opportunities that help women dream bigger, achieve more and inspire the world around them.

*Together, let us continue to empower women, empower society and build a better tomorrow.*
